CIVIL AND ENVIRONMENTAL ENGINEERING DEPARTMENT  
CENTER FOR CONSTRUCTION RESEARCH AND EDUCATION

1.040/1.401  
**SYSTEM & PROJECT MANAGEMENT**  
SPRING 2004

**TERM PROJECT PHASE 1:  
PROJECTS & TEAMS**

Lectures:	Mon & Wed,	1:00 PM – 2:30 PM
Recitations:	Fri	3:00 PM – 4:00 PM

## I. TERM PROJECTS

---

For the term paper of the class, you will be working in teams to study and analyze various projects in view of what you have learned. List three construction projects that you find interesting from a management perspective, and for which you feel you have access to information. Provide a short description of each, its location, type, size, context, proprietary nature and its status (finished or under-way). If you do not know a project you would like to study, leave this blank.

## II. PROJECT TEAMS

---

List the names of four other people (yes, they must be registered in this class ☺) with whom you will feel comfortable working with in a group:

1. ....
2. ....
3. ....
4. ....
